GERMANY FIGHTS TO SAVE MERCHANT MARINE

NORMAL CONDITIONS AT MINES

(By Associated Press)
Washington, Dec. 16.—Virtually normal conditions in the distribution of coal have been restored. The railroad administration today began delivering all coal as billed except in some few emergency cases where diversion will be necessary. The order reducing by 25 percent the amount of coal permitted to be coaled also was rescinded.

700 PINTS OF WHISKEY STOLEN

(By Associated Press)
Charleston, West Va., Dec. 16.—Seven hundred pints of whiskey were stolen last night from the West Virginia capital here. The whiskey had been confiscated by the State Prohibition Department and was stored in the State House until legal disposition could be made of it.

Willing to Give Up Harbor Equipment for Scappa Flow Losses

(By Associated Press)

Paris, Dec. 16.—A new German delegation which has come to Paris to discuss compensation for the sinking of the German warships in Scappa Flow arrived this morning. The delegation is headed by Dr. Conrad Schaeffer, a member of the commercial department of the German Foreign Ministry. The Germans note replying to the Allied communication demanding the signing of the peace protocol was taken up by the Supreme Council at this morning's session. It was decided that a meeting of Allied experts with the German shipping experts should be held this afternoon. The Council's consideration of the German's communication was of a general nature. It was stated that a reply would be made after further examination of the document.

Berlin, Dec. 16.—The German government's idea regarding compensation for the sinking of the Scappa Flow fleet, is to offer such harbor material

as can be spared without seriously disturbing Germany's economic life, according to the Post. The remainder of the amount of shipping decided upon as compensation would be delivered in installments from the new production of the German shipbuilding industry.

REPEAL REFUSED BY CONGRESS

(By Associated Press)

Washington, Dec. 16.—An unfavorable report on the bill to repeal the wartime prohibition law was ordered today by the House Agricultural Committee by a vote of 16 to 3. Representatives J. T. Rainey, democrat of Illinois and Volney of Wisconsin and Ward of New York, Republican, cast the negative votes.

The only argument for the repeal was made by Representative Rainey who urged a wet period until Jan. 10th when the constitutional dry amendment becomes effective so that people of small means might lay in a stock for medicinal use and the government might get \$500,000,000 in revenue taxes. "Since the Supreme Court has decided the war time act is constitutional we must submit to the inevitable," said Mr. Rainey "but men of wealth have laid in stocks to run them for years and those of less means should have the same opportunity."

1300 BRITISH TROOPS KILLED

(By Associated Press)

London, Dec. 16.—Thirteen hundred British troops in Persia have been wiped out by the hostile population. It is claimed in a Moscow wireless despatch reaching here today. The troops camped a garrison of the town of Miskhed in northeastern Persia.

THREE YEARS FOR ROBBING U. S. MAIL

Errington Got \$2,000 and Was on His Way to Mexico.

Barrett E. Errington, a member of the marine corps, who was arrested by the federal authorities for robbing the mails while serving as mail orderly on the U. S. S. Dolphin at the Portsmouth navy yard, was sentenced to serve three years in the Atlanta penitentiary in the U. S. District at Portland on Monday. He pleaded guilty to three counts in the indictment charging larceny of money orders. The young man obtained more than \$2,000 in these transactions and Post Office Inspector Casey, Serg. Hanson and Det. Atty. Merrill presented facts for Judge Hale's consideration which led to the imposition of this sentence. An indictment was returned last week by the grand jury.

Errington had been in the service only a year and had been promoted to rank of sergeant and was rated as an excellent clerk. His reputation was gravely damaged by his flight after taking the letters that contained large values. He was arrested at Laredo, Texas, within a week from the date of his flight and he admitted it was his intention to cross into Mexico and once there he felt reasonably secure from detection. He was arrested in September and held since by the navy department until Saturday.

BLONDIN, WIFE MURDERER, DEAD IN PRISON

(By Associated Press)

Boston, Dec. 16.—Joseph Blondin, a wife murderer, whose crime was a sensation nearly 20 years ago, died at the State prison today. A fellow prisoner, a physician, made every effort to save him, but Blondin's life ebbed without responding to the treatment. Death was ascribed to pneumonia of the heart. Blondin was 50 years of age. He killed his wife, Margaret E. Blondin, of Lowell, a former mill girl, noted for her beauty, on April 27, 1901. The murder was committed in this city, but the body of the woman was found in the woods at Chelmsford. The man was a model prisoner and had made more than \$3000 while in prison through the manufacture and sale of games. Much of this money he invested in Liberty Bonds and War Savings Stamps or contributed to the Red Cross.

CASES OF MINE OFFICIALS AGAIN POSTPONED

(By Associated Press)

Indianapolis, Dec. 16.—Charges of contempt of court against 81 officials of the United Mine Workers of America with one exception were continued this morning by U. S. District Attorney A. H. Anderson until such a date as deemed advisable to bring the cases again before the court. The exception is the charge against Alexander Hovatt, President of the Kansas District of the Mine Workers, who is charged with continued violation of the court injunction against furtherance of the strike.

ONE MILLION FIRE LOSS AT TOLEDO

(By Associated Press)

Toledo, Dec. 16.—Damage estimated at one million dollars was caused by the burning early today of the main plant of the Milburn Wagon Co. here. Firemen fought the fire in a below zero temperature.

Liquor Interests to Combine in Legal Battle to Save Their Millions.

(By Associated Press)

Washington, Dec. 16.—Permission to institute original proceedings to have the national prohibition amendment declared unconstitutional and New Jersey and Federal authorities enjoined from enforcing it was asked of the Supreme Court today by the Retail Liquor Dealers Association of New Jersey.

5000 SALOONS CLOSE IN CHICAGO

(By Associated Press)

Chicago, Dec. 16.—Four thousand of Chicago's 5,000 saloons will close their doors or go into other businesses on January 1st, according to an estimate today by the Secretary of the Liquor Dealers' Protective Association. He said the closing would throw 12,000 men out of employment. "The statement of Levy Mayer, chief counsel for the liquor interests of the Middle West, that the real fight has not begun," brought some cheer to the saloon owners and distillery heads. "This deal is just a scratch on the surface," he said. "The constitutionality of the 18th amendment will be attacked in a few days. None of the questions involved in the case just decided has any relation to or any bearing on the fight that will be made on amendment."

38 MILLION GAL. OF LIQUOR—MARKET CLOSED

(By Associated Press)

Louisville, Ky., Dec. 16.—The decision yesterday of the Supreme Court upholding the war time prohibition act left Kentucky distillers and former saloon proprietors deeply troubled as to how to lawfully dispose of approximately 38,000,000 gallons of liquor worth approximately \$400,000,000. While exportation is allowed until national prohibition becomes effective Jan. 16, 1920 a scarcity of shipping prevents exportation of all Kentucky whiskey by that time it was said.

DIR. GEN. HINES ON RETURN OF RAILROADS

(By Associated Press)

Washington, Dec. 16.—New recommendations from Director General Hines as to the return of railroads to private control are before President Wilson. Neither Mr. Hines nor White House officials will say what the recommendations are or whether they advocate a departure from the President's announced purpose of returning the roads on Jan. 1st.

WRESTLING MATCH

Kilonis vs. Parrelli Thursday Evening.

There is interest galore in the big wrestling match between John Kilonis and Joe Parrelli, which is billed for Freeman's hall, Thursday evening. The Manchester Union recently referred to Parrelli as the greatest sensation in the history of the game in that city. Joe would rather throw Kilonis than any other man in the game and intends to turn the trick Thursday evening. Rough House Kilonis versus Red Man Parrelli and you have visions of what will happen before the match is decided. The show will start at 8 o'clock with a good preliminary.

MEASURES FOR RELIEF OF AUSTRIA

(By Associated Press)

Paris, Dec. 16.—Initial measures of relief for Austria were taken by the Supreme Council today after the body had heard a lengthy presentation of his country's needs by Dr. Karl Renner, the Austrian Chancellor. It was decided that as a first step in relieving the Austrian food shortage 30,000 tons of food should be shipped into Austrian territories. The general opinion expressed in the Council was that the co-operation of the United States in the Austrian relief measures was absolutely necessary and that the credit for the purchases which Austria must make could be recorded only by America.

TO CONTINUE FOOD CONTROL LAW

(By Associated Press)

Washington, Dec. 16.—After approving an amendment which would retain in force the provision of the food control law giving the President authority to control the prices and regulate the movement of sugar, the House Agricultural Committee today ordered a favorable report on the Senate bill continuing the United States Sugar Equalization Board through 1920.

KEYES SEEKING INDUSTRIAL COURT

Washington, D. C., Dec. 16.—It does not make any difference what you call it, a Court of Industry or what, some means should be devised whereby industrial peace can be established.

These are the words Senator Henry W. Keyes, New Hampshire, used in endorsing the Court of Industry that has recently received nation-wide discussion.

"I have never approved compulsory arbitration, nor do I care to discuss the provision for a national referendum in settling disputes."

"But I am convinced that if the nation is to go forward, production must proceed without cessation, and it seems that the establishment of a court to pass on disputes is the only way."

"We know that work is the only thing that will get us where we want to go; we know that those before us have their way to the top through incessant work, and we know that the only thing that will bring down the high cost of living is to work and produce more than we consume."

This is the idea upon which the successful creation of a Court of Industry hinges. It will begin by keeping the wheels of industry moving, and this will make it easier to settle strikes. If strikes occur, the confounding forces get further apart by each trying to force the other to bear the loss from the strike. Consequently the cost of living goes up with curtailed production and this prepares the upswing ground for new and multiple troubles.

HIRAM JOHNSON TOSSES HIS HAT INTO THE RING

Washington, D. C., Dec. 16.—Senator Hiram W. Johnson of California announced formally last night that he would be a candidate for the Republican nomination for the Presidency. The Senator said he would make a personal campaign in every state, explaining that he did not intend to have his candidacy determined by "political bling in convention."

Philip of Senator Johnson, who formerly was Governor of California, and who ran as the Vice Presidential candidate with Theodore Roosevelt on the Progressive ticket in 1912, include in each state, whether their choice of a candidate is made by convention or primary.

"I have been laid up the last week and I am leaving Sunday night for California," Senator Johnson's statement said. "I hope to get myself in shape in a couple of weeks there, and on my return to enter into the Presidential campaign."

"I fully realize the handicaps under which I judge and the obstacles which I must overcome, but I am exercising what in every American's birthright. Of course, any success for me must come from the people themselves, not from a certain well known class of politicians or from those whose interests makes such politicking. Wherever it is possible I am going direct to the people. Upon my return I shall announce a definite and specific program."

RETAIL MEAT PRICES TUMBLE IN CHICAGO

Chicago, Dec. 16.—Retail meat prices dropped in Chicago yesterday.

Sliced ham fell from 50 cents a pound to 40 cents; bacon, formerly selling at 60 cents, was down to 48 cents; pork chops went from 45 to 38 cents; pork roast from 50 to 35, and lard was down to 30 cents, as compared to 37 last week.

The lowering of prices was credited by a representative of one of the big packers to a reduction in the wholesale price of pork because of the cutting off of exports and the increased supply of hogs. There was no great change in the price of beef.

DOVER

Dover, Dec. 16.—The mysterious burglar, who has been absent for the past two months, has returned to Dover and paid a visit to the home of Ex-Mayor George D. Barrett on Elm street. All the members of the family were out. A small amount of jewelry was taken, and the house was very much upset. The burglar had turned things over well, and had visited the different rooms. Investigation by officers showed that the thief had entered by one of the rear windows.

Cot. Daniel Hall and Major Andrew Hough who were on the battlefield at Fredericksburg, Dec. 13, 1862, have yearly for 57 years, met at the home of Col. Hall. This year, although Col. Hall was restricted to his bed, Maj. Hough visited him as usual and the two veterans shook hands and talked of the old days. Col. Hall was born Feb. 28, 1832 and Maj. Hough Aug. 8, 1832.

THE BOYS AT CHRISTMAS TIME

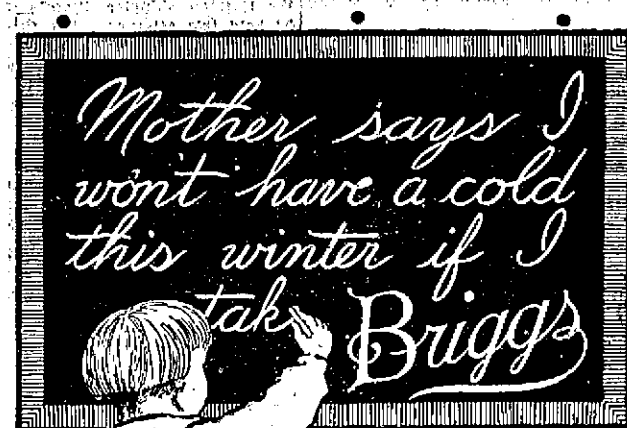

Need the health giving protection of Father John's Medicine to ward off colds, coughs and to build new strength.

In a recent letter Mrs. M. E. Ford, the mother of these two healthy children writes: "I use Father John's Medicine in all cases of coughs and colds, also as a tonic. It is invaluable in the home, especially where there are small children. It is such an excellent tonic and pleasant to take. My home is never without a bottle of Father John's Medicine." (Signed) Mrs. M. E. Ford, 214 Lonsdale Avenue, Pawtucket, R. I.

Thousands of mothers say they keep their children well and strong and build them up after colds and coughs by giving them Father John's Medicine, which is pure and wholesome and guaranteed free from alcohol or dangerous drugs.

The young people of the First Parish church, held its annual supper and sale at the church chapel Monday evening. The tables and booths were attractively decorated and the mystery table kept the younger element in happy spirits during the evening. The Japanese booth was very popular and many Christmas gifts were purchased there.

MUST CONTROL PRICES AND DISTRIBUTION

(By Associated Press)

Washington, Dec. 15.—Complete control of the price and distribution of sugar are regarded as necessary to protect the householders. George G. Galbraith, President of the Board of Sugar Equalization, said that it would be useless for the Board to remain in existence unless they were given the power to control prices and distribution of sugar. This is not given in the McNary bill, being taken out in the House when the opposition to the bill threatened to ditch it.

DEMOCRATS FIGHT WAR EXPOSURES

(By Associated Press)

Washington, Dec. 15.—Twelve roll calls intermingled with charges and counter charges, brought the adoption in the House of a special roll call to consider the report of the Committee who investigated the War Department. Democrats claimed that no charges were made by the report but simply hints of fraud, "thereport" which has been filed for several weeks attacks the War Department expenditures and intimates that there was a fraud.

LYNCH TWO NEGROES IN VIRGINIA

(By Associated Press)

Huntington, Va., Dec. 15.—Two negroes accused of the murder of J. D. Meek, resident of Island Creek in Logan County, were taken from a train at Chapmanville today and lynched according to information received here. The bodies were then thrown into the river.

RAILROAD FACES BANKRUPTCY

(By Associated Press)

Washington, Dec. 15.—Congress is warned that the railroad if turned back by the government without proper legislation will in thirty days be in the hands of receivers, that is at least two thirds of them. Senator Cummings in the midst of the plea of the senators that the R. R. bill be not over until after the holiday, broke into the argument with the statement that unless Congress acted before the evident fact

Thin, Nervous People Need Bitro-Phosphate

Weak, thin people—men or women—are nearly always nervous wreckers. They are usually thin, nervous, weak, nervous, debility and nervousness are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear. Bitro-Phosphate is the best thing for the nerves. It is an organic phosphate known among doctors as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant, it builds up the nervous system and restores the body to its normal state. Bitro-Phosphate can be safely taken by the weakest and most delicate person, and the results following its use are often simply astonishing. By strengthening the nerves, weak, thin people regain energy and vigor; thinness and angularity give way to plumpness and robustness; sleep returns to the exhausted; confidence and cheerfulness replace debility and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health. CAUTION—Bitro-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food, so much so, that many people report marked gains of weight in a few weeks. Those taking it who do not desire to put on flesh, should use extra care in avoiding fat-producing foods.

REMOVING ALL COAL RESTRICTIONS

(By Associated Press)

Washington, Dec. 15.—Restrictions on the consumption of soft coal continued to go by the board today. The Railroad administration now in control of the situation received information that 80 per cent of the miners were back at work. An order was issued today to allow the bunkering of foreign ships in ports where it was thought that the local supply was sufficient. The hearing on the coal strike by a special committee of the House suspended the hearing today.

Boston, Dec. 15.—Practically all of the trains on the Boston and Maine railroad suspended on account of the coal strike will be restored in two weeks. A list of the trains was announced today with the dates of their restoration from Dec. 16 to 29th.

TO SEND RADICALS BACK ON TRANSPORT

(By Associated Press)

New York, Dec. 15.—The U. S. Transport Decatur will be the ark which will be used to take the Russian radicals back to Soviet Russia. These include Emma Goldman, Alexander Berkman and eighty other radicals who are now at Ellis Island awaiting to be deported, according to a report current here.

Washington, Dec. 15.—Commissioner of Immigration Gammett declared that the name of the steamer or the time for the deportation or the Russians from this country, had not been decided upon.

LEGION TO HASTEN THE SENATE

(By Associated Press)

Washington, Dec. 15.—Notification by the officials of the American Legion at their thirteenth three days session here, that they would go direct to Congress for bills for the aid of the men of the late war was given today. The first bill they will favor is the Sweet Bill to extend the war risk insurance act passed at the last session of the House. The members are to go to the Senate and ask for an explanation of the delay.

CUTTERS NOT ABLE TO FLOAT COAL STEAMERS

(By Associated Press)

Vineyard Haven, Dec. 15.—Repeated attempts on the part of the coast guard cutters Acushnet and Greenhorn to pull the steamers North Winds and Lake Crystal off failed today. There is considerable wind blowing and it is feared that the steamer will be badly damaged. Tonight the Lake Crystal had one hold filled with water and the North Wind was leaking badly, but her pumps were taking care of it.

REPLACING OLD WINDOWS

Paris, Dec. 15.—The valuable and ancient stained glass windows of the Paris churches that were removed to places of safety during the bombardment of the capital by German long-range guns are being rapidly replaced. The wonderful medieval glass of Notre Dame and the Sainte-Chapelle has already been returned, and now the windows of five other old churches—Sainte-Genève, Saint-Severin, Saint-Merry, Saint-Etienne du Mont, and Saint Germain l'Auxerrois, are to be

The World and His Wife

The World is hard to please—even harder than his wife. There are many things fashioned to gladden the heart of woman. Her clothes, her jewelry, all her personal possessions may be just as full of life and color as she desires.

The World does not live so well. Each generation has decreed that his clothing must be increasingly sombre. His tastes, too, are more simple and his concrete wants are fewer. Display of any sort is not considered "good form."

So when it comes to choosing a Christmas gift for the World, it is necessary to use much care. Let us help you with this gift problem. We have given a great deal of study to things we offer as suitable gifts for father, brother, and husband.

We have pipes, cigarette cases, and lighters for the smoker. Our sets of studs and sleeve links are full of quiet elegance. We have walking sticks and umbrellas imported from London. Watches of all the best American and foreign makes we will gladly regulate to keep perfect time for the owner.

The Daylight Saving Agitation.

When Congress repealed the daylight-saving law it was thought that one issue had been disposed of, but such was not the case. In some parts of the country an effort is being made to reestablish the practice of turning the clocks ahead in the spring and back in the fall; this arrangement to be provided for by state legislation and to be in force in such states as decide in favor of it. The backers of the movement are hoping that the plan will be adopted by the eastern states. It is not probable that it will be favored in the West, where agriculture is a leading industry, for the farmers are strongly against it.

And this is as true of the East as of the West, but in this part of the country the farmers do not exert such an influence as do their western brethren, for reasons well understood.

Massachusetts is taking a leading part in the agitation of the new scheme of daylight-saving, which is not strange. Massachusetts is a manufacturing state, with a little farming thrown in as a side issue. The employees of the shops and factories would like an extra hour in the afternoon during the summer, and owing to their numbers their desires will be sure of careful consideration at the hands of the Legislature.

But if the farmers will stand together and exert themselves they will also be given a hearing. There is no question that daylight-saving as it has been practiced for the last two years was a detriment to them. This was made plain during the agitation for the repeal of the law, and when the farmers of the West spoke up Congress was ready to listen.

It is not probable that there will be an more daylight-saving in the western states, and it would seem that any arrangement not applying to the whole country would cause intolerable confusion. Perhaps a plan could be worked out whereby trains could be run on one time in some states and a different time in others without inconvenience, but it is not easy to figure out just how this could be done. If such a thing is feasible it will of course be made plain in the course of the discussion.

While daylight-saving was in force many farmers retained the old time schedule, a plan which worked fairly well except in connection with hired help. Farm hands employed by the day like to go to work and quit at the regular hours, and all who know anything about farming know that, in the harvest season especially, one hour in the afternoon is worth two in the morning.

The Grangers of Massachusetts and this state are opposed to the present movement, and without doubt the same is true of the agricultural interests in all the states. It would almost seem as if other interests could afford to defer to the farmers on this one point, for anything that benefits the farmer is of direct benefit to the whole community. If the matter must be fought out the farmers will do well to make themselves heard, for in such a contest they would have everything to gain and nothing to lose. If there is any fighting blood in them now is the time to demonstrate.

The ninth annual winter carnival at Dartmouth will be held in February and plans are being made for an event which will not suffer by comparison with any of its predecessors. All of the northern colleges will be invited and it is expected there will be a large gathering and a highly entertaining program.

When women roll up their sleeves it means that something is to be done, and, figuratively speaking, that is what has been done by the Woman's Citizenship Committee of New Hampshire, which will endeavor to see that all the women of the state shall become duly prepared for the duties of citizenship when the time arrives, as it soon will, for the exercise by them of the right of suffrage. The campaign will be thorough and should prove helpful to many.

The Massachusetts delegation in Congress is also interesting itself in the case of General Edwards, who recently failed of what is believed to be deserved promotion. It is said that Senator Lodge and others will call upon Secretary of War Baker for an explanation. It is clear that the men of the Twenty-Sixth Division have "started something."

Under all the circumstances isn't it a little queer that among the large number of those mentioned as candidates for the presidency on the Republican ticket no mention has been made of Charles Evans Hughes?

It is given out from Washington that there are more than 200 seditious publications in the United States and that more than 100 published in foreign countries are circulated here. Is there no remedy for such a flagrant evil as this?

Ireland is worrying over the importation of American whiskey and England is fearful that the meat supply of that country will fall under control of the "American Meat Trust." It is an unhappy time.

It is announced that clothing prices will be much higher in the spring. Thanks for postponement to that season, when it will be possible to go in shirtsleeves in case of a pinch.

A good body of snow is all that is lacking to make winter the real thing.

SCHOOL FUND APPORTIONMENT FOR YORK COUNTY

Number of Students Fall Off During the Past Year in Maine.

There are now 228,489 persons in the state of Maine within the legal school age limit, the amount of the school and mill fund for this year is \$656,799.16 and the amount of the common school fund is \$806,163.79, according to figures given out at the office of the state treasurer today. Last year the number of students was 228,956, the school and mill fund was \$707,179.91, and the common school fund amounted to \$782,104.10.

Chamberlain county leads in total number of students, with Aroostook county second, Penobscot county third and Androscoggin county fourth, while Lincoln county has the smallest number.

The following shows the number of students and the amount of the school and mill fund and the common school fund for the cities and towns of York county:

Colorado Is For General Wood
(From the Washington Post)
If the national convention were to be held tomorrow or next week or a month from now, I believe General Leonard Wood would be nominated by the "Republican" renominated Clarence Hamilton, of Colorado. Mr. Hamilton is something of a politician, for national committee man, but he hasn't said he would. I am basing this opinion on the sentiment in the West and from what I have heard in the East," continued Mr. Hamilton. "I don't believe there is a doubt that Wood would get the Colorado vote in the convention and there are other States in that section which are for the general. Here in the East, I find, there is also strong back of General Wood. He is easily foremost at this time among the candidates. What six months will bring about, however, no one can tell. The present sentiment is not, as some have hinted, 'manufactured' sentiment. It is real, and particularly is General Wood popular among the returned soldiers. One hears occasionally some discussion of Senator Harding and some of Governor Lowden. There is little doubt in the minds of the voters that whoever is nominated at Chicago next year will be the next President."

CHARITY WHIST PARTY A SUCCESSFUL EVENT
In aid of the Catholic clergy in France a successful whist party was given Monday evening at the Woman's Building on Middle Street, under the auspices of six married ladies of the Church of the Immaculate Conception. The lower rooms were beautifully with flowers and ferns and forty tables were occupied by the players. Home-

made candy was also sold and over a hundred dollars was raised for the cause, while those present much enjoyed the sociability of the occasion.

WHY NOT FORM A UNION?

London, Dec. 15.—The plaint of members of Parliament who have to live on their salaries of 400 lbs a year that they cannot make both ends meet and properly look after the interests of their constituents, has met with a sympathetic response from the Miners' Federation. They have decided to add 200 lbs a year to the parliamentary pay of their representatives, and, in addition, defray their travelling expenses.

NAVY YARD NOTES

Four Long Timers Took Part
Among the 55 prisoners from the naval prisoners who took part in the performance given in the Strand Theatre at Manchester on Thursday last, was one serving a life sentence, one doing fifteen years, one under ten years' sentence and one in for a five year term.

They Did Great Work
J. J. Newman, a well known Portsmouth man, arrived recently on the mine-sweeper Woodcock from the Orkney Islands, Scotland. He came back with one mine-sweeper, 36 of them and 24 sub-chasers, a fleet of battered and service-worn ships indeed. During the war the United States assisted by Great Britain laid the "Northern Barrage"—a mine field to shut German subs—from Scotland to Norway, or a distance greater than from Boston to Philadelphia. 7000 mines, with 350 pounds of T. N. T. every 20 feet. A ship did not have to touch a mine to explode it. It took a field submarine to get by that. But these 36 sweepers and 21 engineers cleared that field; thanks to the loyal, patriotic and daring efforts of Newman and those other men and officers working with him, from Admiral Strauss down to the latest recruit. It took six months to do it, but each day saw every officer and man more eager to get on with their task. This mine-field, the largest in the world's history was laid in the short period of five months, and swept clean after the war in six months.

Eagle Boats Sail
Eagle boats 49, 53, 50, sailed from Hampton Roads this morning. No. 50 will proceed later to the Naval Academy; No. 53 to Pensacola, and No. 49 to San Diego, Cal. Three more eagles are being made ready and will sail probably the last of the week.

Will Move to Yard
Captain Charlton of the Chaplains' Corps who has been occupying the Clavess house at Kittery, will shortly move to the yard, taking the quarters formerly occupied by Lieut. W. L. Hill.

Forty-Five More Gone
Forty-five more men enlisted for the duration of the war were discharged from the mine-sweepers today.

A Hard Luck Case
K. N. Whitman, matchless mate, reported on the receiving ship Southery today from Cleveland, Ohio. Whitman was attached to Eagle boat No. 5 and while the ship was on the way to Portsmouth he was injured at Cleveland and removed to a hospital. When he recovered the ship had sailed and Whitman thinking she had arrived here came to the local yard where he learned for the first time that the ship was frozen in the waters of the St. Lawrence river at Quebec.

Reduced to One Pound
The commandant of the First Naval District has sent out orders to the local yard to the effect that hereafter the navy personnel will be allowed one pound of sugar each week for each member of the family.

Sales Board Here
Commander W. B. Howe, Lieut. Lovett and Lieut. Collins, comprising the Board of Survey Appraisals and Sales in the First Naval District, are at the yard today making final arrangement for the public sale of condemned and surplus material.

STILL IS SEIZED IN MACHIASPORT
Machias, Me., Dec. 15.—William Hicks was arrested at his home in Machiasport yesterday on the charge of manufacturing and selling intoxicating liquors. Sheriff Woodman and two deputies seized a still and two barrels partly filled with a liquid resembling whiskey which they found in a room on the second floor of Hicks' house. He will be given a hearing tomorrow.

HELD WEEKLY GATHERING
The Bible Investigation club of the Y. M. C. A. held its weekly session Monday evening in the Association building on Congress street. Supper was served at 6.30 o'clock by the Woman's Auxiliary. Twenty members were present at the supper and more came in at the meeting which followed.

RAIDERS SEIZE 21 BARRELS OF CIDER

Hudson, N. H., Capture Said to Be the "Real Stuff."

Nashua, N. H., Dec. 16.—Twenty-one barrels of cider claimed to be the "real stuff" from having been doctored up with prunes, raisins and corn, were taken from the cellar of Joseph Vignote's home in Hudson by Sheriff John O'Dowd, following the sensational raids in Hudson by the sheriff and Hudson officers.

They filled two big auto trucks and are now stored at the jail at Manchester. More than 25 persons were in the house when the raid was made by Deputy Sheriff G. B. Lyon, Jerry L. Haggerty and Joseph Soucy, Hudson officers.

Vignote was held in \$200 bonds in court yesterday morning for a trial next Monday. The officers say a large number of Nashua and Lowell people have been visiting the place. From the same raids, Mrs. Emma Belselle, charged with keeping a disorderly house, was held for trial next Monday, as was Joseph Norman on a similar charge. Norman is blind.

David Belselle, with a warrant similar to his wife's ran away when the officers appeared.

FAREWELL PARTY FOR JIMMIE HALL

A farewell Stag Party was given Sunday evening in honor of James "Jimmie" Hall, a civilian employee of the U. S. Naval Hospital, Portsmouth, N. H. All of his friends regret the loss of Jimmie, as he was called by the civilians as well as the enlisted personnel of the hospital. Jimmie made many friends owing to his disposition and good nature.

Among those present, were Harry Cosgrove of Lynn, Mass., Henry H. Griffin of Oklahoma City, Okla., Jack "Lefty" Ogden of Chester, Pa., "Black Jack" Tins of California, Geo. Mann, P. J. Des of Salem, Mass., Tom Pierce of Lynn, Mass., and Dan Hackett of Portland, Me.

Refreshments were served and were followed by songs and recitations. "Jimmie" Hall gave a farewell speech and amused everybody by singing his famous minstrel song, "Oh Death, where is Thy Sting?" Following that were several songs sung by a quartette consisting of Hall, Cosgrove, Des and Ogden, which won much applause.

The party broke up at 9.00 sharp and everybody retired after spending a very pleasant evening.

His friends wished him Godspeed, success and happiness in his new position he is to take up in Baltimore, Md.

TO ENTERTAIN NAVAL PRISONERS
The men at the naval prison will be entertained on Wednesday evening in the "Y" hut by several artists from Boston including Mrs. Ketsch, a reader and story teller, two band players, and J. L. Wilbur, ventriloquist. The program will be repeated on Thursday evening in the men's reading room at the Navy Yard.

The Y. M. C. A. war work council is to give a special entertainment at the naval prison on Christmas night, this to conclude the Y. M. C. A. entertainments, as beginning Jan. 1 this work is to be taken over by the navy department.

COMEDY PRESENTED AT RYE TOWN HALL
Rye town hall was well filled Monday evening when the Jefferess Beach Improvement Association presented the pleasing comedy, "Twelve Old Maids," before a highly pleased audience.

There were 16 characters in the play and all took their parts well and received much applause.

Following the comedy dancing was enjoyed, Drake's orchestra furnishing music. Home made food was on sale throughout the evening. Among those in attendance were a number from this city.

ENGAGEMENT ANNOUNCED
Mr. Fred H. Ward announces the engagement of his daughter, Florence Mary to Mr. Thomas Kane of Montclair, New Jersey. Miss Ward is a graduate of Smith college and now a student at Simmons college, Boston and popular in the social circles in which she moves. Mr. Kane has been engaged in war work.

MRS. JACKSON NAMED TO REPRESENT N. H.
Concord, N. H., Dec. 16.—On recommendation of Major Robert C. Murelle of the democratic national committee from New Hampshire, Mrs. Dorothy Branch Jackson of this city has been appointed New Hampshire member of the Women's Democratic national committee, and will attend its meeting which has been called for Jan. 8 in Washington.

Mrs. Jackson is the daughter of the late Oliver B. Branch, U. S. district attorney, the sister of Oliver W. Branch of the superior court, and the

wife of Robert Jackson, lawyer and shipbuilder.

HOLD HEARING ON PETITION AT CITY HALL

The Public Service Board gave a hearing at City Hall today on the petition of the Portsmouth Electric railway to discontinue the North Hampton line permanently, and the line over the North Beach section for a period of four months. About 25 people from the towns of Rye, North Hampton and Hampton were present. The Boston and Maine railroad which controls the lines was represented by Snow & Snow of Rochester. Attorney Charles Batchelder represented the inhabitants of North Hampton and Attorney John Shannon of Exeter was there in the interest of the Hampton residents. W. D. Trowbridge of Boston, another Boston and Maine official was heard on the railroad's behalf. Much opposition was apparent among the people in the section covered by the street car line and nearly every one present was heard. Only two members of the board were present, Mr. Worthen and Mr. Gundison. The hearing continued a good part of the afternoon.

GREENLAND TOWN HALL DESTROYED BY FIRE EARLY THIS MORNING

The Greenland town hall was destroyed by fire shortly after one o'clock this morning. The fire which was started from some unknown cause, had a great headway before it was discovered and when the towns people gathered it was beyond saving.

The fire had apparently started in the lower part of the hall and had spread thru the entire building and when seen by neighbors the building was a seething mass of flames. In response to the town alarm the men of the village gathered and devoted their attention to saving adjoining prop-

erty. It was bitter cold, the temperature only ten above zero and with no water system there was nothing that could be done, except protect the houses out on the road from flag stakes, with a bucket brigade.

The building fortunately set well in from the road and it was not very near any of the residences. The hall, one of the oldest in the town was a frame construction of two stories with the town hall on the upper floor and a school room on the lower floor. The loss will be about \$10,000.

NOVEL PARTY AT BAPTIST CHAPEL

A Christmas party given by the Golden Rule Circle of King's Daughters at the Baptist chapel Monday evening proved a most enjoyable affair to the members and their friends. The program was a feature of the evening.

Previous to the social a business meeting of the circle was held, the leader, Mrs. Manning C. Alderman, presiding. Reports of the Thanksgiving work were given and plans made for the usual Christmas cheer work by the circle. A report of the recent Christmas sale showed that \$123. was netted from the same.

Nine new members were admitted at the meeting Monday evening. The circle is having a drive for 100 members. There are now 87 members and the drive will end on Jan. 12. It was voted to have a Silver Tea on Tuesday afternoon Dec. 20 in the chapel. Upon this occasion the garments which are being made for the Red Cross will be completed.

The business meeting concluded, the remainder of the evening was devoted to the Christmas party. Severely planned by the committee to make the evening one of genuine pleasure. A floodlight was arranged in front of the church and a Christmas tree filled with gifts gave the room a festive touch to the gathering. Rows of Christmas stockings hung on the mantel, these being of varied size and colors and pointed in novel designs. Later Santa Claus arrived and distributed the gifts.

In being the birthday anniversary of the pastor, Rev. William P. Stanley, he was invited as a special guest to the gathering and the Junior King's Daughters were also invited guests. The pastor was presented by Santa Claus with a birthday cake on which were candles the number of his age. Rev. Mr. Stanley was also given a book by the Golden Rule Circle and Mrs. Stanley was presented with a King's Daughters pin.

Gifts from the tree were then distributed by Santa Claus to every one present and this part of the program made much fun for all. The gifts were planned to create merriment and they certainly did. There were miniature autos, dolls, etc., and one circle member found four plectrums in her neatly laid gift. Everyone present received a bag of candy and pop corn and late in the evening all left for their homes having had one of the best times ever known by the Golden Rule Circle.

The affair was in general charge of Mrs. Manning Alderman, leader of the circle, assisted by Mrs. Arthur Smith, vice leader and Mrs. Frank Remick, Mrs. Taylor Waterhouse, and Mrs. Tulley.

A surprise party was given to W. C. Cummings, the well known musician at his home 35 Jackson street on the night of his birthday, Dec. 11, by 50 of his relations and friends.

Mr. Cummings was completely taken by surprise. The evening was most en-

joyably passed, musical selections being rendered throughout the evening. Ice cream, cake and fruit was served by the hostess, Mrs. Cummings.

Mr. Cummings was remembered with several gifts. At the close of the evening all expressed a good time, wishing their host a prosperous year.

THE HERALD HEARS

That the town of Kittery is every day more prosperous. Now the town is to have an automobile association.

That the police season is nearly here and if we are not to have peace at Christmas time when will we ever get it?

That holiday shoppers are partial to silk stockings.

That three wagon loads of women were arrested by New York for pilfering during the Christmas shopping rush.

That some of the stockings stolen range from \$10 to \$250 per pair in price.

That Thomas Mott Osborne says he has been getting a lot of press notices of late but that not belong to him and are absolutely incorrect.

That Fair Price Commissioner William of Baltimore has opened up something to profiteering.

That he recently put on exhibition a pair of new shoes that melted in the rain.

That these shoes were found to have paper tips and soles and were sold to the purchaser for \$5.

That the store that sold them admitted the wholesale price was \$4.

That if this isn't bunk for the public, what is?

That the driver who is wrapped up in a fur coat and leaves his horse standing in zero weather without a blanket is looking somewhere.

That the burglar who has been quiet of late has resumed operations again at Dover.

That the home of ex-Mayor Barrett in that city was robbed on Sunday and the usual loot taken.

That the small boy continues to take chances on the thin ice.

That a man soon tires of his own company when it is a case of solitary confinement.

That an Olds minister objects to skating.

That he must fear backsliding.

That Manchester people were delighted with the show put on by Tom Osborne's prisoners.

That it is better to be up with the ark than down with the influenza.

That another club has started on Market street which is promoting boxing.

That the marine guard at the navy yard has about 100 men. A year ago the barracks had 600.

That Ward one without doubt is tilted to another representative in the general court.

That a recent test is said to have proved that a cow will give more milk when milked to a musical accompaniment.

That one cow that was milked under the influence of compositions of Mozart and Beethoven gave 15 quarts of milk in 21 hours. The cow was milked every six hours during the test.

That we might try a little ragtime and jazz music on the hens and see if we can't get a few eggs.

That a burglar pulled a new one in Portsmouth, N. H.

That he aroused the family and the man next door hearing his neighbor's cries for help came over with a gun. That the burglar slipped but did not go very far.

That while the man with the gun was at his neighbor's house showing his bravery, the burglar robbed his home.

That the police board did little or nothing at the meeting on Monday night.

That the next meeting may see the appointment of one or two patrolmen from the three on the list.

That a few men give in when they are right and a few even when they are wrong, but married men give in right or wrong.

That the police force in a body marched at the funeral of the late Patrolman J. Frank Shannon today.

That another advance in ice cream has hit us.

That Southdown street looks like a back alley at night.

That female help to Portsmouth is getting more plentiful.

The Christmas spirit should spread hereabouts. Portsmouth has much to be happy over.

PERSONALS

George H. Sanderson's condition was slightly improved today.

Mrs. James H. Goodrich of Concord passed today in this city.

Mr. and Mrs. Samuel W. Moses have been passing a few days in Boston.

OBSEQUIES

J. Frank Shannon.

The funeral of Police Officer J. Frank Shannon took place this afternoon from the North Church chapel. Rev. Lucius H. Thayer, pastor of the North Church, officiating. A large number of relatives and friends of the deceased were in attendance. The bearers were City Marshal Michael Hickey and Police Officers Michael Kelley, George H. Ducher and Robert Anderson. Interment was in Harmony Grove cemetery under the direction of A. J. Trotter, Portsmouth Lodge of Elks rendered their services at the grave.

GOOD BOXING SHOW.

The boxing fans still remember the last show promoted by the Backingham A. C. in which Joe Gibbs and Jimmy Farnet were the principals in the main bout. After a lay off of several weeks the club will come to bat again next Monday evening with another of these big attractions that have made the Backingham A. C. shows famous all over New England. Two good Navy boys are on the card and will be boxed in the final in the usual navy style. Full details will be announced at a later date.

The Herald is obliged to omit some of its usual features today owing to the extra tax on its advertising space.

The Little Hovey A. C. will put a bowling team in the Industrial League if one is started.

LOCALS WIN IN FAST BASKET-BALL GAME

The Portsmouth professional basketball team made its bow to the basketball fans on Monday evening in a whirling game with the Granite State A. A. of Durham, at the Armory. The team was to be known as Co. D, but after last evening's game it was decided that hereafter the team will play as the Portsmouth and play at Freeman's hall instead of the armory which is out of the way and not suited for the game.

It was a great game and while the Portsmouth did not show the fine teamwork of the Granite State team, they showed great individual work and with a few more games will be working together. There is great possibility in the team and with more coaching and practice they will make hay of the crack teams go fast to get a game.

The visitors began scoring first and at the end of the second period it looked as tho they had the game sailed, but here the locals came along very fast and Fred Hicks began shooting baskets and at the end of the game the Portsmouth had just passed out by one point. The game was played under the professional rules which was very fast allowing a man to work as much as he wishes and the result was very fine work. It was without exception the fastest game played in this city since the days of the old professional team.

Fred Hicks, Schmalzried and "Tony" Badger played great ball. In fact they all played well. For the visitors Butler, Bell and Anderson were the stars.

Before the big game two girls teams from the Navy yard played and the Whites defeated the Blues by 20 to 5.

The summary of the big game.
Portsmouth: P. Hicks, 10; Walter, Schmalzried 11; P. Hicks, 5; Badger 10; Silva, Paul Badger 10; Bell 10.
Granite State: 10. Goals from: P. Hicks 3; Schmalzried 3, 10; Hicks 7; Badger 1; Silva 1; Bell 3; Butler 6; Anderson 3; Dicks, 2; Boveine 1. Points from fouls Portsmouth, Referee Thompson, score and three fouls. Time three 15 min periods.

The summary of the girls team.
White: McCarthy 11; Parsons 11; Little 6; Bruce 6; Vera 10.
Blue: 10. Goals from: McCarthy 10; Parsons 5; McWilliams 2; Curley 1.

FAMILY DRIVEN OUT BY FIRE

A house at the rear of 27 Deer street, occupied by a Polish family, Joe Muroch, wife and small child, was badly damaged by fire shortly after 1:30 this morning and the occupants had a narrow escape.

The fire had broken thru the roof when discovered and Anthony Zamuch living in the street front awakened the inmates. He cut his right hand badly in breaking a window.

The fire was confined to the house and the damage did not exceed \$500.

RILEY FAILED TO MEET YOUNG GAUVIN

Tommy Riley of Middletown for the second time in a few months failed to keep his word to meet a boxer in this city, defeating his match on Monday evening before the Bellview A. C., to Young Gauvin of Somersworth. There was a good crowd present and they were very much disappointed. Riley did not call the promoters of the club until two o'clock Monday afternoon, that he had the grip and could not show up. It took some little hustling to get a man to meet Gauvin and finally that French of Providence was secured, but he made a poor battle of it.

The next bout of the evening was that of Jack Roberts of New Bedford and Young St. Hilliers of Dover. A handy lad, who can throw his stars, Jack Roberts was new to the game of the world have been put away in the first round, as a result of this St. Hilliers made a good count back and got the decision in the fourth round. Roberts was looking like a promising youth, but it was his first professional match away from home. In the opening round he went after St. Hilliers and had the Dover boy at his mercy and finally knocked him down with a stiff right. St. Hilliers came back before the count, but Roberts instead of getting to him while he was still prostrate and putting him away, as another punch would have done, kept off and let the round end. The Dover lad made a good count back but for the next two rounds Roberts did about what he pleased with him. In the fourth the weight of St. Hilliers began to tell and he finally landed and Roberts went down for the count. It was a good battle and both boys pleased the crowd.

In the main bout French stayed with Gauvin for four rounds when he quit. At the beginning he looked good but he was out of condition. In the preliminary Ed Drew of Manchester quit to Ed Duselet of Dover in the third round. Chick Quinnand refereed the matches.

NEARLY 3,000 SMALL NEWSPAPERS FACING EARLY EXTINCTION

Washington, Dec. 16.—Between 2,500 and 3,000 small newspapers face suspension if not extinction unless the newspaper situation is soon remedied. Representative Anthony, Republican, Kansas, told the House postoffice committee yesterday in urging favorable action on his bill to limit to 24 pages daily newspapers and periodicals as-

ITCH! ITCH! ITCH!

It Seems Sometimes As If You Would Fly Out of Your Skin. Eczema or salt rheum not only itches, but it also burns, oozes, dries and scales over and over again. Sometimes it covers the whole body and causes intense suffering. You have found that local applications have no lasting effect, and you want permanent relief. Take Hood's Sarsaparilla, give it a good fair trial, because you must thoroughly purify your blood or the eruption will continue to annoy, perhaps agonize you. This great medicine has been successfully used in thousands of cases. To make and keep the bowels normally active, take Hood's Pills, they are gentle and thorough.

ing the second class mail privilege. The present postage paper shortage has said is due to the large size of the big city dailies and some magazines. The bigger newspapers, he added, could eliminate 75 or more pages of feature, comic and magazine matter published in Sunday editions with no loss to the public.

The volume of advertising should be drastically reduced during the present shortage in said. He distributed the bulk of the increased advertising to the past year resumption of normal commercial activities.

FOUND FROZEN IN ROCKLAND, ME., FLAT

Rockland, Me., Dec. 15.—The frozen body of Mrs. Mahda A. French, aged 80, was found tonight in the upper flat of 25 Washington street where she resided. Medical Examiner G. L. Crockett believes the woman had been dead several days and that death was due to natural causes, but a further investigation will be made tomorrow morning.

Mrs. French was last seen on Thursday when the letter carrier delivered mail to her. The family in the lower flat had not seen her since that day and tonight notified her son, James A. French, who lives in a distant part of the city. Mr. French found all of the doors locked, and suspecting that something was wrong, immediately notified City Marshal George B. Gilchrist.

The police forced entrance and found the woman lying on her back, her face covered with a shawl. There was a discoloration on the left wrist, which the authorities first thought to be a burn from the stove poker found underneath her arm, but the poker left no mark on the kitchen floor. There was no evidence of suicide.

The room was littered with kitchen utensils and the bed in the next room had evidently been occupied. There was some food on the kitchen table and an abundance of fuel near the stove. The tea kettle had burned dry. Mrs. French was the widow of H. French and is survived by two sons, James A. and Edgar G. French.

MAY ACCEPT DANIEL STREET BRIDGE SITE

The government civil engineers are working on the plans for the new memorial bridge and it is understood that there is a strong feeling that the Daniel street site for the bridge may be selected as the only feasible one.

The Boy street site while affording a good take off, does not give a good anchorage, or at least not without the expenditure of a large amount of money. The water is very deep with a rocky bed and a strong tide which would make the work costly and difficult.

The Daniel street site is being more and more considered and the Maine engineers are said to favor it. It has many advantages and it is claimed that the take off could be effected with far less property damages. The engineers in charge are not making any statement as to the work, but are plunging along with the plans and the soundings on both sides of the river and it will not be many months before the combined board of Engineers representing the two states and the Navy Department will reach a definite understanding, but if the plans are far enough advanced this will be asked for by June or July.

EX PRISONER RETURNED WITH WIFE

A Detective Sergeant from the Washington police arrived here on Monday and sought the aid of the local police in locating a discharged prisoner from the Naval Prison named Costello who had not been heard from by his wife. The man was located working in this city and the wife who accompanied the officer, had the information that he had been married in this city.

An investigation failed to disclose this, but the police state that he was keeping company with a woman here. Husband and wife met and after the first battle of words, they agreed to forgive and forget and the husband returned to Washington with his wife and the officer.

DARTMOUTH
MUST BUILD OR
REFUSE STUDENTS

With the largest entering class of any New England college and with prospects that even more men will want to be admitted next fall Dartmouth finds itself in the position where it must either keep enrollment to its present figures or provide the means for a practical duplication of the college plant. The question says President Hopkins, is not merely one of more dormitories. Further growth will make necessary new recreation and lecture halls, a new auditorium, new laboratories and even a new chapel. It will cost \$5,000,000 to allow the college to enlarge itself.

Dartmouth was compelled to reject perhaps a hundred students at the beginning of the fall term. Many men with full entrance credits were among those refused admittance and even today there exists a condition which Dartmouth has never known before—some students, supposedly in residence, are actually commuting to the college from places as far away as Norwich.

B & M FREIGHT
HANDLERS
MAY STRIKE

The union freight handlers of the Boston & Maine railroad threaten a strike.

Unless an increase in wages is granted by Director-General of Railroads Elmer H. Hall the men will take a strike vote Jan. 14. The men are members of local 1007, which is affiliated with the International Longshoremen's Association.

Officers of the union Monday notified business interests of the cities and towns served by the road of the contemplated action.

The wage committee reported that such action is favored by the freight handlers on the New Haven and Boston & Albany. In a statement issued after the meeting, the wage committee

announced that an attempt will be made to interest the business men of Boston in their efforts to obtain higher wages and show them that the supposed high wages paid to railroad workers does not include the freight handlers. Weekly Wage is \$17.20.

The statement, in part, reads: "The freight handlers wish to make known the fact that they receive but 43 cents an hour for an eight-hour day. They are not paid for holidays or any other time they are forced to be idle, with the result that the weekly wage, when a holiday is taken out, is but \$17.20, which is not enough to properly feed our families.

"We have as much interest in our children as any other working man and would like to educate them, but on the wages we now receive we cannot give them the care they should receive.

"Unless our wage question, which is now before the wage board at Washington, is settled in our favor before Jan. 14 next, we will pull a strike vote and ask the sanction of the I. L. A. to stop work. We do not wish to take any action that will injure the business interests of Boston and the other places served by the B & M, B & A and the New Haven roads, but any first interests are for ourselves and our families."

NEW WARSHIP CHANNEL
Daniels Asks Baker for its Construction at San Francisco

Washington, Dec. 15.—To enable the dreadnoughts of the Pacific fleet freely to enter San Francisco Harbor, Sec. Daniels has written to Secretary Baker urging that steps be taken at once to obtain from congress authorization and an appropriation for providing an entrance to that harbor with a channel across the bar having depth of at least 42 feet and a width of 1600 feet.

Sec. Daniels has also submitted to Sec. Baker a recommendation from Admiral Hugh Rodman, commander of the Pacific fleet, urging a forty-four and preferably a 15 foot channel, based on estimates provided by Colonel Frederick V. Abbot, acting chief of engineers of the army.

Admiral Rodman points out that under three conditions as to the well existing in San Francisco harbor, a depth of at least seven feet greater than the maximum draft of vessels using the channel is necessary for the safety of the warships.

PROMOTION
CHANGES IN
MARINE CORPS

Sergeant Alexander B. Stibbe, Non-commissioned officer in charge of the 1st Marine Corps recruiting station, 732 Elm street, is in receipt of report from the Major General Commandant, 1st Marine Corps, Washington, to the effect that the war time policy of obtaining officers for the Corps from the ranks, be continued in accordance with the recommendations made by the Secretary of the Navy Daniels.

The secretary points to the work of officers commissioned from the ranks during the war, as his reason for making this recommendation. He also recommends that additional officers be commissioned for the Marine Corps aviation branch, and that special aviation grades be created for enlisted men.

A permanent Marine Corps of 27,467 officers and men, or 20 per cent of the naval strength is also recommended, as well as the creation of chief warrant rank for marines.

The achievements of the corps in the war are reviewed and their many peace time activities in all parts of the world are pointed out as sufficient reason for increasing to permanent strength. Attention is also called to the new marksmanship records made by marines and to the fact that marines won 27 of the 31 matches shot recently at the National Rifle Association tournament. The report received at the recruiting office is a portion of the Secretary's report on the condition of the entire naval establishment.

RYE BEACH
PLANNING FOR
A BIG SEASON

The work on the Rye Beach Inn is progressing rapidly and there is every indication that it will be completed in good time for the summer season. The promoters of the Inn are spending neither time or expense in making the hotel one of the best in the early coast with every modern comfort.

They have purchased the Anster cottage at the corner and this will be moved back and used as the home of the Inn. This will also give an unobstructed view of the Inn from the main road.

In addition to the work on the Inn there is many other improvements going on at Rye Beach in addition to that the Abenaki Golf Club. Here the club house has been moved on to the White course for golf, and the work of building the drive way and making the other improvements on the golf course are well under way.

LAST RITES FOR HON. CALVIN PAGE

Business and Professional
Men of State Gather to
Pay Tribute.

Rev. Alfred Gooding and
Knights Templar Conduct
Services.

The funeral of the late Hon. Calvin Page was held at 2 o'clock this afternoon from his late residence on Middle street. There was a large gathering of business and professional men from the city and state and the large mansion was filled. The services were conducted by Rev. Alfred Gooding, pastor of the Unitarian church, who read two poems of which the deceased was very fond, "Crossing the Bar," Tennyson, "The Pilgrim's Way," John Greenham. The impressive service of the Knights Templar was performed by the post commander of the Wilt Union Commandery.

The Knights Templar service was performed by all past commanders of the Wilt Union Commandery. The officers were: William E. Randall, commander; A. R. Jenkins, prelate; P. J. Philbrick, grandmaster; M. C. Foye, captain general; Willis N. Hagg, recorder; M. W. Anthony, junior viceroy; Gustave Peyser, W. H. Page, J. W. Newell, G. B. Lord, J. K. Bates, Charles E. Bulley, W. YOU SAID GOOD-BYE,
NOW SAY HELLO, TONIGHT

The large number of local dancers and the usual big balcony patronage are wanted down in Freeman's hall this evening. There's a reason, as the entire net receipts will be donated to the Salvation Army Christmas Basket Fund. Music will be furnished by Allen's Band Orchestra. Dancing will start at 8 o'clock. Gent's 40 cents; ladies 25 cents; balcony 15 cents.

CHRISTMAS IS ALWAYS MERRIER

to the young man with money in the bank. He can enjoy the holiday without worry as to the future. Those who spend all and save none will never have anything. Christmas to them must be a hollow mockery. If you have not yet commenced to save why not do so now. Make yourself a present of a bank book even if you have but one dollar to deposit. It will be as fine a gift as you will receive.

NO MORE SUGAR FOR EMPLOYEES

Navy Will Sell No More at the
Yard After Dec. 20.

Admiral Halstead, Commandant of the navy yard and the supply officer, Capt. J. T. Arms, received instructions today from the navy department to discontinue the sale of sugar to the civilian employees of the yard after Dec. 20.

In the last issue to be made this week the employees will be allowed four pounds instead of two, which they have been receiving at the price of 5 cents per pound for the past two months. The order does not effect the navy personnel.
